

## 2022 NEUROPSYCHOLOGY EXTERNSHIP

The neuropsychology service at Stony Brook University Hospital is in the process of recruiting doctoral students for our neuropsychology externship program. The unpaid position will include extensive supervision and opportunities to develop more advanced assessment skills. Externs will have the opportunity to take part in a wide range of both pediatric and adult evaluations.

The service currently consists of three full-time and three part-time neuropsychologists as well as three fellows. The director of the service and the training director are board certified.

The externship strives to provide students with diverse training experiences. Referrals are drawn from many different areas of the hospital and the extern will have the opportunity to work with neurological, psychiatric, geriatric, general medical, and academic populations. Memory, movement disorders, epilepsy, brain injury, multiple sclerosis, and oncology are more common referral populations due to the presence of specialists in these areas within the neurology and neurosurgery departments. In addition, referrals related to ADHD and Learning Disorders are common from area school districts and BOCES.

Externs are required to be on-site for at least one full day per week (most externs have chosen a two day/week schedule). Responsibilities will depend on level of proficiency and prior experience. At a minimum, all prospective applicants must be proficient in administering the WAIS-IV or WISC-IV. Under the supervision of our staff neuropsychologists and fellows, advanced students can expect to perform clinical interviews and neuropsychological test batteries. Developing writing skills will be a key component of the externship.

### IMPORTANT DATES:

1. The Portal will open on January 10, 2022.
2. Students can upload their materials from January 10, 2022 through January 17, 2022. All student materials should be uploaded into one PDF
3. Students will receive feedback FROM THE PORTAL that all their materials have been uploaded to the portal.
4. OFFERS FOR INTERVIEWS CAN BEGIN TO BE SCHEDULED ON JANUARY 19, 2022. HOWEVER, THE EARLIEST DATE ON WHICH INTERVIEWS CAN OCCUR IS JANUARY 24, 2022. INTERVIEWS WILL OCCUR BETWEEN JANUARY 24, 2022 AND FEBRUARY 25, 2022.
5. Students can upload additional applications, with their DCT's approval, on or after February 7, 2022. By this date students will have a fair sense of the number of interviews that will be offered to them. 7.

The Match will occur on Monday, March 7, 2022. (See below for details)

14 Technology Drive, Suite 12B, East Setauket, NY  
11733 TEL: 631-444-8053 FAX: 631-444-4267

Interview process (provide information about interview process- time frame, how decisions are made) Also, do you conduct individual and/or group interviews; case presentation, other information?:

All 2022/2023 interviews will be virtual, though site visits may be available.

Interested applicants are required to submit:

1. Letter of Interest
2. C.V.
3. Writing Sample (preferably a clinical report containing test data)
4. One letter of recommendation from a major supervisor or training director
5. Two additional letters of support.

The letter of interest, C.V., writing sample, and professional references can be submitted by e-mail, or by mailing hardcopies. The recommendation letter should be sent directly by the writer (e-mail, fax, or mailed copy). If you would like to discuss our externship further, please contact Dr. Lebowitz at (631-444-8053) or at [Brian.Lebowitz@stonybrookmedicine.edu](mailto:Brian.Lebowitz@stonybrookmedicine.edu).
