**ADULT INTERNSHIP IN CLINICAL PSYCHOLOGY**  
Neuropsychology Focus | 2023-2024 Training Year

**APPIC Program Match Number: #2376**  
**\*APA Accredited through 2029\***

Program Description: The Adult Internship in Clinical Psychology Program at Mount Sinai in the Department of Psychiatry, is a full-time, one-year commitment. A minimum of two interns are admitted to the program each year. The internship commences on July first (or the first weekday following July first, if that day should fall on a weekend) and ends on the last weekday of the following June. Interns typically spend forty to fifty hours per week in professional activities related to their internship, including direct-service clinical training activities, supervision, didactic instruction, and research activities. Upon successful completion of the training year, interns will have completed 2000 hours of supervised clinical experience which can be applied towards licensure.

General Information:

- Director of the Program: Jane Martin, Ph.D.
- Assistant Director of the Program: Maria Loizos, PhD
- <https://icahn.mssm.edu/education/residencies-fellowships/list/neuropsychology-internship>
